This report, however, embraces a vision of hope: one that illustrates the many ways in which the region can act to ensure its future security and prosperity. It envisages a day when authoritarianism, occupation, foreign domination and all forms of discrimination end. A vision of human development and economic prosperity implies that citizens are free to voice their opinions and practice their beliefs without fear, the rule of law applies equally to all, and the basic necessities for a decent life are affordable even for the least fortunate. It calls for choices to be made in order to lay the foundations of an inclusive society, so as not to slip further into a spiral of deepening violence, instability and recession that would undermine development for generations to come. This report presents a vision of improved governance, advanced social justice and human well-being, transformed economies, and intensified regional integration; in short, an Arab region at peace, stable and prosperous.
